Good morning Ayn,

I think that time frame does still work for me.

Thank you!

We are still counting on having you as one of our internal peer reviewers for this report. The schedule is firming up and it looks like the peer review window will be Sept 7-14. It sounded like this time period would work for you, so just wanted confirmation that you will be able to provide this support. And of course, many thanks from the Pavillion team for your able assistance.
